Dear Ministry Partners with the Doyle Family,

As the chair of the Servant Leaders Oversight Team I am writing to you in regard of Dan and Eirana Doyle. Over the past several months they have been in discussions with our team about the need to make a transition from overseas missions back to the United States. This change is due to their desire to be a resource to their kids as they transition into the next stages of life. As a leadership team we are in support of this course of action for the Doyles. The Doyles have a great desire to stay connected to missions work and are working with our team to lay out a plan for what that would look like.

In the meantime our team has recommended that they focus on the enormous task of relocating their family back to the states. We have committed to the Doyles to help form a plan for their next steps with Servant Leaders by January of 2025.

As a team we ask that you would consider continuing your support for the Doyle family for the remainder of the year that would give them the time to navigate the transition and provide you with considering partnering with them into the future with the opportunities God presents.

If you have any questions or concerns please feel free to contact me.

In Christ's Service
